I don't
get my
girlfriend.

But if
I react,

Sometimes
she squishes
up against me
like she just
remembered
something.

I think she
just doesn't
want me to
move at all.

I don't
really
get it.

she
explodes.

It's
delicious.

I don't
get it.

she'll sit
far away,
plugging
her nose,
and ask
me how
it tastes.

When I'm
eating it,

You're
hurting me,
Kyo-chan

PUNCH

Sengoku
Sengoku

Even
though
she teases
Prez all
the time,

I don't get
childhood
friends.

she gets
angry when
someone says
bad things
about him.

I laughed a little
when I saw how
her textbooks
and notes had
doodles in them.

She's really
good at
studying, but
not because
she likes it.

She
loves it

Some-
times I tie
her hair.

even
though
I'm awful
at it.

I don't
get it.

Also,
she thinks
all men like
big boobs.

I really, honestly, don't get it.

Then she's suddenly all happy.

Then I hit her.

Sometimes she frowns.

I don't get it.

I don't get it.

I don't get Hori-san at all.

I don't
understand
my boy-
friend.

When he's
thinking,
he makes
this quiet,
humming
noise.

He's got
to be saying
"Ishikaa."

His
pronun-
ciation of
Ishikawa is
suspect.

I love

his
fingers.

like an
idiot.

Whenever
I ask him to
do something
ridiculous,
he always
immediately
says 'okay'

but then
I realize
he's just
walking
on his
tiptoes for
no reason.

It
confuses
me so
much...

Sprong

Often
it seems
like he
got taller
all of a
sudden,

FLUNCH

I also like
the way he
looks when
he's with
Shindo.

He acts
differently
around
certain
people.

Quoi?

17

even
though
it's always
100%
my fault...

Whenever
we fight, he
apologizes
right away

That part
of him
really pisses
me off.

but he's
awful.

wait
huh!

He says he's
really good at
doing braids,

Sometimes
he plays with
my hair
when
we're
sitting
down.

But
I love it
when he
does it.

I love all
the things
he does
for me.

See you next month!

RECRUITMENT

Hey there. It seems we are once again in need of new staff members.

First, we're looking for experienced redrawers. They remove Japanese text overlaying art.

Second, we're looking for cleaner-lies. We've actually recruited for this in the past, but they require zero experience, only a willingness to learn and some free time.
